DESCRIPTION AND PURPOSE OF ITEM

This item records the total project cost in thousands of dollars including incidental costs not included in Items 94 and 95. This item includes all costs normally associated with the proposed structure improvement project. The total project cost will therefore usually be greater than the sum of Items 94 and 95.

The Improvement Total Project Cost is required for structures eligible for the Highway Bridge Replacement and Rehabilitation Program (see Item 131). It is not to be used to record estimated maintenance costs.

In the absence of any actual estimated total project costs, a guide of 150% of the bridge cost (Item 94) is suggested.
